

Prof. Dr. Ismail Naci Cangul

Bursa Uludag University
Faculty of Arts and Science
Department of Mathematics
Gorukle 16059 Bursa/Turkey

Profile

Prof. Dr. ISMAIL NACI CANGUL is working as a professor of Mathematics in Department of Mathematics, Faculty of Arts & Science in Bursa Uludag University. He has more than 35 years in academia and research. He has completed his PhD at Southampton University in 1994. His PhD thesis title was "Normal Subgroups of Hecke Groups". He has been involved in many administrative positions including the Rector's Advisor, International Relations Coordinator and Dean of the Faculty of Arts and Science.

He has attended numerous national and international congresses and gave over 300 talks, over 200 of these are invited, keynote or plenary talks. He has organized 8 large scale international congresses/workshops. He has been in the scientific committees of over 60 international congresses. He has involved in 26 scientific research projects. He wrote 90 books, over 370 scientific research papers most of which are in the SCI Indices/WOS database. His scientific works have been completed with coworkers from Turkey, France, UK, India, Canada, USA, South Korea, Greece, South Africa, Malawi, Japan, Romania, Hungary, Indonesia, Thailand, Iran, Pakistan, Afganistan, Algeria etc. He has supervised/supervising 17 MSc students and 22 PhD students.

He has been awarded several scientific prizes/awards as a result of his academic accomplishments some recent ones being The Highest Number of Annual Publications Prize in 2011, The Special Prize for Bologna Coordination Committee Member in 2011, The Highest Number of Annual Projects Prize in 2012, Scientist of the Year Prize in 2012, The Annual Successful Academic Group Prize (Mathematics Department) in 2012, The Highest Number of Annual Publications Prize in 2013, The Best Performance Award in 2016 and The Highest Number of Annual Publications Prize amongst all academicians in 2020, 2021 and 2022 in Bursa Uludag University.

He has been continuing editorial positions in 34 international scientific journals, and is the referee for over 200 journals. He has been a guest editor for several SCI journals like

Advances in Difference Equations, Journal of Inequalities and Applications, Boundary Value Problems, Journal of Inequalities and Applications, Fixed Point Theory and Applications, Applied Mathematics and Computation, Journal of Mathematics, Computer Modeling in Engineering & Sciences, MDPI Symmetry, AIMS Mathematics and several others.

He is a member of 7 national and international Mathematical Societies, one of which is honorary.
