### About the visit:

The members of BACHPAN club running in Poornima Group of Institutions visited the Prayas for knowing them and their special life. To bring them out from their daily schedule and do something special for them different activities were arranged for them to cheer them and circulate a wave of happiness and joy amongst them. The activities were:

- Drawing/Sketching
- Singing
- Touch, feel and recognize things
- Color recognition
- Distribution of pen, notepad, biscuits and chocolates and many more.

Miss. Kalpana the head of Prayas was also happy by the circulation of this happiness amongst the children. The student enjoyed a lot in the friendly environment created by us.
