Report on NukkadNatak on "Women Empowerment – A myth in the society"

The students of PGI presented a **NukkadNatak on the theme, "Women Empowerment - A myth in the society"** for all faculty and staff members on Thursday, 23rd March, 2017. The students depicted the atrocities faced by women in our society and tried to create awareness about the role of every individual in stopping such acts.

Their power packed performance received a lot of applause from the audience and their concept & delivery was appreciated by all. Mr. Rahul Singhi, Director, PF motivated the students to perform in front of much bigger audience and offered them to perform during the annual fest of Poornima University, Lakshya 2017.

The team members will now perform during Lakshya-2017 and will also explore the opportunity of getting associated with the Young Indians initiative of CII.

We wish the team members best of luck and congratulate them for their performance as well as creating awareness with this initiative. We hope many such initiatives will be taken by our students in coming days.
