

POORNIMA

COLLEGE OF ENGINEERING

The team HAYAGRIVA, consisting of 26 students Dept. of ME, EE and CSE of Poornima College of Engineering took part in the HYBRID VEHICLE CHAMPIONSHIP (HVC), organized by **Imperial Society of Innovative Engineers (ISIE)**. The event took place at the **BUDDH INTERNATIONAL CIRCUIT, NOIDA, from 16th February, 2017 to 19th February 2017**. Many teams from different colleges took part enthusiastically in the championship and **HAYAGRIVA was among the top teams in the event.**

The Formula-4 car HAYAGRIVA was the most talked about car of the event. It gathered a lot of attention throughout these four days with its stunning looks and loud roaring sound whenever the engine of the car was started. The team HAYAGRIVA was identified with its unity as we all were always geared up with the specially prepared hoodie and the flag of HAYAGRIVA that was majestically hoisted near the car throughout the event.

HAYAGRIVA proved itself in the Technical Inspection Round, Brake Test, Acceleration Test, Skid-Pad Test and Auto-Cross Test with ease and was qualified for the Final Endurance Round.

In the Final Endurance Round, HAYAGRIVA left a strong impression on the jury and after analyzing HAYAGRIVA's performance, they could not hold themselves back from coming near the pit area to congratulate the team, in making such a successful vehicle.

The titles that **HAYAGRIVA won three titles and got a cash prize of Rs. 20.000/- Twenty Thousand only** are as follows:

· ISIE HVC_17 Best Design Award.

· ISIE HVC_17 People's Choice Award.

· ISIE HVC_17 Go Green Award.

Management congratulated all team members and the department for a wonderful work done by the students.
