

**A BRIEF REPORT OF**  
**International Conference on "Recent Innovation and Trends in**  
**Engineering, Technology and Research"**  
**(ICRITETR-2017) December 23-24, 2017**

**Technically Supported by: ISTE, IETE, ISLE**

On Saturday i.e. Dec. 23, 2017 Poornima College of Engineering, Jaipur in Technically association with ISTE, IETE, ISLE organized International Conference on "Recent Innovation and Trends in Engineering, Technology and Research" (ICRITETR-2017).

The occasion witnessed the presence of Prof. (Dr.) S.M. Seth, Chairman (Emeritus), Poornima Foundation, Shri. Shashikant Singhi (Chairman), Poornima Foundation, Prof. (Dr.) Ramesh Bansal, Professor, University of Pretoria (Chief Guest), Dr. Akshay Kumar Rathore, Associate Professor, Concordia University, Canada (Guest of honour), Dr. Om Prakash Sharma, Director, Poornima College of Engineering, Dr. Sunil Kumar Gupta, Professor, Dept. of Electrical Engineering, Convener ICRITETR-2017 and Dr. Virendra Sangtani, Professor, HOD, Dept. of Electrical Engineering.

After the formal welcome and Felicitation, Conference Proceedings was released by all the dignitaries.

Dr. Om Prakash Sharma, Director, Poornima College of Engineering welcomed all the dignitaries, he also briefed about the Poornima Foundation highlighting the key features of Poornima College of Engineering.

Dr. Sunil Kumar Gupta, Professor, Dept. of Electrical Engineering, PCE (Convenor ICRITETR-2017) given brief introduction of 2 days international conference and welcomed the guests, dignitaries and participants.

Sh. Shashikant Singhi, Chairman, Poornima Foundation, in his Words of Wisdom highlighted the key points of technical education and growth of the Poornima College of Engineering in all aspects. He emphasised on the progress of PCE under the mentorship of Dr. S.M. Seth, Chairman (Emeritus), Poornima Foundation.

Dr. Akshay Kumar Rathore (Guest of honour), Associate Professor, Concordia University, Canada, briefed the benefits of the networking in current era of technology and research.

Dr. Ramesh Bansal, Professor, University of Pretoria, as a chief guest delivered the inaugural address and advised that the research should be societal based. He added that interconnectivity of people should be made strong through various medium like whatsapp / email / mobile, etc. He updated the gathering by trends and technologies.

Dr. S.M. Seth, Chairman (Emeritus), Poornima Foundation, in his blessing remarks highlighted the need of International Conference in current scenario. He also emphasised as how the practical approach could be adopted for research and innovation. He highlighted that it's time to focus upon the need of energy saving and sustainability. It is the right time for the students to learn beyond curriculum through such conferences and events.

At the end, Dr. Virendra Sangtani, HOD, Dept. of Electrical Engineering proposed a Vote of Thanks to all the dignitaries, participants and other members present.

The program concluded with Poornima Gaan followed by our National Anthem.

After lunch two parallel technical sessions were conducted for multi disciplinary areas with 5 session chairs.

On Sunday i.e. Dec. 24, 2017,

Prof. (Dr.) Ramesh Bansal, Professor, Department of Electrical, Electronic and Computer Engineering, University of Pretoria, South Africa delivered a talk on “An Overview of Smart Grid”. His talk expressed an overview of Smart Grid and its classifications. Key Drivers of Smart Grid along with role of smart meters in smart grid in India were also discussed.

After high tea, 2 technical sessions were conducted for multi-disciplinary topics with 2 session chairs. Total 20 papers were presented in the session.

A valedictory ceremony was organised in which total 83 certificates were distributed to participants followed by lunch.
