

# POORNIMA

INSTITUTE OF ENGINEERING & TECHNOLOGY

**A REPORT ON A Workshop on HTML**  
Held on 19<sup>th</sup> and 20<sup>th</sup> -January 2017 (full day)

**CONDUCTED BY: - DEPARTMENT OF COMPUTER ENGINEERING, PIET**

**Aim of the session:** The workshop was divided into two parts. In the first session the trainers taught about HTML to students while in the second session the students were given an assignment to build a simple HTML application.

The following topics were covered in the session:

- Basics of HTML
- Designing the web page using table
- Designing the form page
- Redirecting a page
- Simple Application building

**Number of Participants:** This session was conducted for 6 hour for each section of I year with strength of 41 students of II SEM CSE A and 38 students of II SEM CSE B.

**Outcome of the session:**

- Students developed a simple HTML application and were evaluated based on it.

**Resource Person:** This workshop was conducted by students of VIII Semester namely:

Krati Sharma  
Pankaj Jangir  
Ashish Anand  
Himanshu Bhardwaj

The presentation given by them is hereby attached with this report.
