

POORNIMA

COLLEGE OF ENGINEERING

Report

On

Distinguished Lecture on Ventilation delivered by

Dr. Max Sherman

ASHRAE and ISHRAE chapter jointly organized the distinguished lecture at Poornima College of Engineering, Jaipur on March 23, 2015. Dr. Max Sherman delivered the lecture on *Ventilation: The Once and Future King*. Professor Sherman is Senior Scientist at Lawrence Berkeley National Laboratory, United States. He is an active Fellow of ASHRAE chapter. He focused on the importance of ventilation in Buildings. During his presentation he shared his knowledge about Ventilation, its function, requirements, ventilations standards and role of ventilation in buildings. In this event Mr. Dinesh Rawat (Coordinator ASHRAE India) and Dr. Om Prakash Sharma (Director, PCE) along with 25 faculty members and 150 students attended the lecture. Dr. Sharma delivered the word of blessing and emphasized that this is a good platform of sharing the knowledge between the ASHRAE and our students.
