

POORNIMA FOUNDATION

2nd November 2015

Report of Prayogam 2015 Project Exhibition (Day 1)

Poornima Foundation has organized a mega project exhibition **Prayogam** from Monday to Wednesday, **2 November 2015 to 4 November 2, 2015 in Poornima University**. The program started with great zeal and enthusiasm. In this exhibition, 310 projects were displayed and 17 schools visited the place for learning the new technologies which are being used in present era. Majority of the projects displayed are based on concept solar energy and smart city. It makes a competitive and educational environment for the betterment of society. The Poornimites followed **"Make in India"** theme with own intelligency and hardwork.

Welcoming of the chief guest was done by spraying flower by a quadcopter. Directors and chief guests appreciated the hard work done behind such wonderful concepts and gave them suggestions for betterment. Students of all the colleges of Poornima participated in this event. Different projects like smart city, aeromodelling, water rocketery, machine-mania etc were displayed. The best thing was this year Poornima Foundation gave chance to all startups of poornimites for showcasing their work.

Students came from various schools were happy to gain something new at the end of day.
