Empowering the world with budding Technocrats since the year 2000
Poornima Foundation established under the aegis of Shanti Education Society (SES), has effectively contributed in providing Indian Industry with young, enthusiastic technocrats and managers. It is focused to provide a platform for advanced research and creation of state-of-the-art facilities with a target to cater 20,000+ students by 2020. The constituents of Poornima Foundation endeavor at facilitating industry-academia interface to achieve excellence in academics.

Vision
To create knowledge-based society with scientific temper, team spirit and dignity of labour to face the global competitive challenges.

Mission
To evolve and develop skill-based systems for effective delivery of knowledge so as to equip young professionals with dedication & commitment to excellence in all spheres of life.

Quality Policy
To provide Quality Education through Faculty development, updating of facilities and continual improvement meeting university norms and keeping stakeholders satisfied.

Intellectual competitiveness is a vital for student to be a vibrant professional in technical education. Apart from the usual curriculum, students are also exposed to a set of diverse activities for enhancing their knowledge & skills. These scientifically designed inter-disciplinary skills help in smooth transition from classroom to boardroom. To enhance employability, three basic skills—cognitive skills, functional skills and people skills are mainly focused at Poornima Group of Colleges.

**ANECDOTES OF SUCCESS**

**Global Tie-up:** To avail opportunities like student/faculty exchange programmes, study abroad programmes, joint international conferences and seminars, Poornima Foundation has collaborated with Asian Institute of Technology, Bangkok (Thailand), Hanyang University, Korea & Northumbria University Newcastle.

**Wipro Mission 10x:** The Mission 10X Technology Learning Center (MTLC) established at PGC in association with WIPRO, helps the learners to imbibe higher forms of learning using a practice based approach.

**Infosys Campus Connect:** Tie-up with a software giant – INFOSYS provides training to faculty and students in the field of technology to increase their knowledge & to decrease the gap between academics and industry.

**Tata Consultancy Services:** PCE was the first technical institute in Rajasthan to get accredited by TCS. It is regularly conducting Code-Vita for recruitment at PGC.

**Campus Recruitment Training:** A unique programme to groom Poornimities as smart & skilled professionals to face global challenges posed by recruiters. The training includes Practice sessions, Technical Training, Motivational and Inspirational sessions by Corporate Trainers.

**P-Proskep:** Poornima Professional Skills & Knowledge Enhancement Programme is to enhance the employability probabilities of the students by developing communication, behavioral, managerial and career management skills.

**PEEM:** A well structured & scientifically designed programme to enhance the employability skills like aptitude, reasoning & verbal ability. It gives an extra edge to Poornima placements.

**Aarohan Poornima:** The event provides a platform to young technocrats to battle and outshine their skills inculcating strong managerial and professional skills. Following this, a number of activities were conducted. This Aarohan included Celebrity Night as well as Kavi Sammelan which added great zeal and ensured high inter-college participation.

**Aadhar:** A unique initiative by PGC to promote technical attitude among budding engineering right from 1st year itself.

**Orientation Program:** “PEHLA KADAM”, a orientation program organized for first year students to make them adapted with the culture of Poornima Foundation

**Manthan:** An Inter College Debate Competition gets organized every year on the occasion of Engineers’ Day. The event includes participation of debaters from PF as well as from colleges of Jaipur and Rajasthan

CONFERENCES & WORKSHOPS @ 2018

STTP on Electric Power System: PCE organized a MHRD funded STTP on “Electric Power System” on July 15, 2017. STTP focused on teaching pedagogy by extensive use of technology.

Workshop on Internet Uses: PCE organized a workshop for Women Empowerment on “Internet Uses” on July 24, 2017 to enlighten urban/rural housewives about the wonders that internet technology offers day to day life.

Workshop on Manufacturing and Practices using CNC: PCE organized a workshop on “Manufacturing and Practices using CNC” at CIPET (Central Institute of Plastics Engineering & Technology), Jaipur on January 23, 2018. The objective of workshop was to make the participants acquainted with fundamentals and applications of CNC.

Workshop on Selenium Testing Tool: PCE organized a workshop on “Selenium Testing Tool” from February 12-13, 2018. The objective was to provide the basic understanding of automated testing through Selenium open source testing tool.

Workshop on City Energy Management System: PCE organized a workshop on “City Energy Management System” on March 15, 2018 in association with American Society of Heating, Refrigerating and Air Conditioning Engineers (ASHRAE). The objective of workshop was to make the participants acquainted with Energy Management System, Heating and Cooling Strategies.

Workshop on Augmented Reality: PIET organized a workshop on “Augmented Reality” on February 20, 2018. The objective of this workshop was to give knowledge and develop interest about augmented reality.

Workshop on Designing & Animation through CSS: PIET organized a workshop on “Designing & Animation through CSS” on February 22, 2018. It’s main focus was to provide hands on practice to the participants for Web Designing.

Workshop on LaTeX: PGI organized an ISTE sponsored workshop on “LaTeX” on January 6, 2018. The aim was to provide hands on practice to the participants on the aspects of documentation work with help of open source and scientific tool.

Workshop on Concrete Mix Design: PGI organized a workshop on “Concrete Mix Design” on January 19, 2018. It imparted the fundamental knowledge on how to design a mix, perform in laboratory and know about compressive strength test.
IBM CAREER EDUCATION PROGRAM

Poornima JIET Foundation is offering an exclusive opportunity to students through futuristic specializations in association with IBM. The Career Education Program of IBM (under Software Group) has launched specialized programs to develop sufficient industry needed skills for manpower on critical emerging technology areas such as Big Data, Cloud Computing and Internet of Things (IoT). The IBM Career Education Program is a comprehensive software education program designed by IT professionals, for graduates, post graduate and experienced professionals to accelerate their skills and knowledge so that they succeed in this dynamic industry.

Big Data: IBM InfoSphere BigInsight gives insight by combining a variety of data sources in creative and innovative ways using Hadoop. Poornima organized a workshop on “IBM BUSINESS INTELLIGENCE”. It imparted essential analytics skills for research, interpretation and transformation based on data for various businesses.

Internet of Things: IoT is simply the network of interconnected things/devices which are embedded with sensors, software, networks and necessary electronics to collect and exchange data. Poornima organized a workshop on “IoT Application Development & Deployment using IBM Bluemix”. It provided an introduction for developing & deploying solutions for the IoT.

Cloud Computing: IBM Bluemix Platform rapidly create, deploy, and manage cloud applications. It also provides a dashboard to create, monitor and manage applications and services. Poornima organized a workshop on “Platform-as-a-Service (PaaS)”. It focused on cloud computing platform to help developers quickly integrate applications and speed deployment of new cloud services.

We are very thankful to the PGI to provide us a marvelous opportunity to participate in the first edition of AICTE-Chatra Vishwkarma Awards at AICTE, New Delhi. This being a matter of pride for us to showcase our “Hydraulic Wheelchair”. Happiest moment came with announcement of First Prize in the Mechanical stream & Third prize for best Campus.

Winner Team “INTECH Olympiad 2018”

Throughout the journey of four years, the rigorous yet energetic life of college helped me to build a social character. Being a mentor for three years sculpted my communication skills and public presence to great extend. Not only was I able to get placed in Infosys, but I also won beauty pageants like ‘Gladrags Mega model Mumbai’ and ‘Miss Glam India’, which demand an impressive personality. I am grateful and proud to be a Poornimite!

Hina Azad (Infosys)

I feel fortunate to have been part of Poornima where I spent 4 glorious years in its embrace. Poornima was my opportunity to gain as much exposure and learning as I could in order to justify my choice of career. It has been a wonderful journey where I have stumbled, cried and then gotten up. Poornima helped me to brush off the resentment and made the best use of my caliber and potential.

Ankita Sharma (Capgemini)

I feel privilege to thanks Poornima Sansthan for providing an immense delightful platform where students can show case their talents in various forms: Mentorship Program, Centre Stage, PAA, PEEM, Industrial exposure, Placements activities etc. All these scientifically designed and rigorously executed activities provide so much opportunities to enhance ones skills and qualities.

Roopali Pandey (Yusata)

Starting from Orientation to the Farewell, the college days were full of fun and activities. I learnt more skills in college while working on the department reports, department newsletters, tech-fests, college magazine and hostel mentorship program as compared to just reading books. These learning imparted really something for “you” and not just marks.

Shruti Singh (Hosteller)

The facilities provided at campus supported me throughout my engineering studies. College provided me unique opportunity for foreign internship and other pre-placement preparations. I’m thankful to Poornima Foundation and my faculties who gave me such platform to perform.

Pritam (AIESEC Internship at Indonesia)

It has been a time span of more than 3 years that our son has been a part of an esteemed & recognized Group of Rajasthan, Poornima Group of Colleges, Jaipur. His journey so far is filled with great learnings, exposures, career oriented trainings in competitive environment by experienced faculty members.

The alumni are the real ambassadors of Poornima and serve as the conduit between the institutes and the students working over in different corners of the world. Alumni played a vital role in achieving the position Poornima enjoys today. With the count rising from 154 to 10,000 students, alumni are continuously spreading the glory of Poornima all over the world. 156 alumni members are staying in countries like USA, Amsterdam, Australia, Bangkok, China, Dubai, Europe, Africa, Singapore, UK and other parts of the world. PAA organized Alumni Meet of Delhi and Jaipur Chapter in January, 2018 with participation of 600+ Alumnus.
